

GLASOE ANGUS

Calving Ease. Docility. Performance.

5th Annual Female Sale
1 p.m., Thursday, December 9th
at Sitting Bull Livestock Auction, Williston, ND

*B*BRANDED

Welcome to our fifth annual offering of Glasoe Angus females. Bred and fed for you, this offering is stacked with generations of pedigree and proven performance at commercial values.

Our registered replacement dams for sale exhibit proven fertility and maternal performance, as well as fleshing ability and structural longevity. Our selected registered bred heifers hail from sires such as Coleman Charlo, Hoover No Doubt, S A V Exceptional 7279 and S A V Rainfall 6846. Our selected G A Genesis 721 heifer daughters carry great docility and good milk, as well as calving ease pedigree. We have committed to selling some of our very best and reserve the right to a flush on several of our sale features.

We will also offer the fresh genetics of commercial bred heifers and open heifers with Glasoe Angus pedigrees in their maternal and paternal lineage. Returning consigners Lance and Kelly Skor and Lee and Erin Vassen will provide open heifer prospects. Returning consigner Ryan Ross will provide bred heifers, along with post-sale feeding options. His heifers are bred to G A Genesis 931, who weighed 65 pounds at birth and earned a double-digit calving ease direct EPD of +13.

We hope to see you sale day, December 9th, at Sitting Bull Auction in Williston!

WE ARE OFFERING NEARLY 80 HEAD - REGISTERED AND COMMERCIAL - SELECTED FOR THEIR PROVEN AND INHERITED MOTHERING ABILITY AND A DESIGN BUILT TO LAST.

G A ANITA 740

#18920673

This powerful S A V Resource daughter hails back to the great landmark sire QAS Traveler 23-4 and is stacked with revered and proven lineage. She raised a stout and stylish Jindra Blackout son, who weighed nearly 800 pounds at 205 days and will be featured in our 2022 bull sale. Due with calf 3/25. We reserve the right to a flush on her.

G A COLOSSAL ANNE 960

#19626677

This gorgeous G A Reign 610 daughter is the granddaughter of our 2007 G A Colossal Anne 7120, a Glasoe Angus herd matriarch and current donor at Heart River Genetics. 7120 is a Pathfinder who raised 11 consecutive calves with a wean ratio average of 109. 960 raised a thick-made, moderate S A V Rainfall bull calf that will be featured in our 2022 bull sale. She is due 4/30. We reserve the right to a flush on her.

WE ARE SELLING SOME OF OUR BEST PROSPECTS WITH THIS SET OF REGISTERED BRED HEIFERS SHOWCASING A LEGACY OF MATERNAL POWER AND PHENOTYPE. THEY ARE DUE IN MARCH AND APRIL. CONTACT SYDNEY FOR FURTHER INFORMATION.

SEMEN FOR SALE

G A Regard 633

18600332

This outstanding sire sold in our 2017 bull sale to Erickson Ranch of Powers Lake, ND. We purchased an ownership share back in Regard in 2020, collected semen from him at Origen and utilized him as a natural service sire as well this past summer. His coming fifteen-year-old grandam is in full-time donor service at Heart River Genetics in Belfield, ND.

- Tremendous phenotype & pedigree
- Loaded with Pathfinder sires & dams
- Llineage of G A Colossal Anne, S A V Resource, Connealy Impression, & Woodhill Foresight
- Photographed in January 2021
- No grain since 2017, no trim & five seasons spent breeding cows
- Semen available
